How to measure your ring size measurement correctly?

Measure your finger.

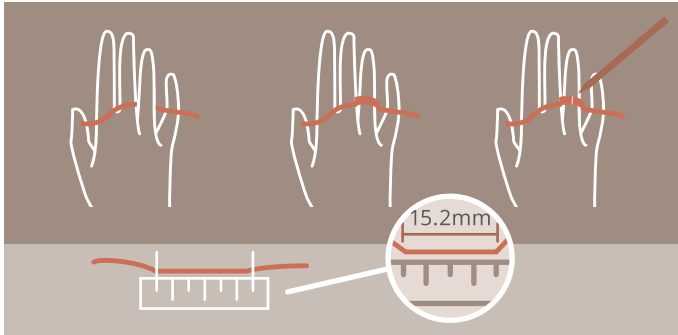

- 01** Wrap the thread or a small piece of paper around your finger and it must be tight to your finger to get the perfect ring size measurement.
- 02** Measure the thread or paper on a ruler and record the size you get.
- 03** Repeat the same step 3 times to get the correct ring size.
- 04** Follow **Megan Ring Size Chart** to find out your perfect ring size.

Kindly visit our YouTube channel to get full video tutorial.

Measure your ring.

- 01** Measure the diameter of your ring.
- 02** Follow the **Megan Ring Size Chart** to get your perfect ring size.
- 03** If your ring size is between two sizes, you are advised to choose a large ring size in between.

MEASURE YOUR FINGER

Measure your finger at the end of the day, when they are largest.

Compare your measurement with the ring size conversion chart below to determine your correct ring size.
